

VENISON FOR DINNER

Our Homemade Life

We're excited you want to join in on our journey! Our family, Kate and Marius plus our five young kids, have always enjoyed living a homemade life. We moved to Northern BC, Canada in 2017 and our 34 acre homestead provides us with many triumphs and lessons. We love sharing our failures and wins along the way and you'll find many real life confessions, recipes, how to's and vlogs. We're a homeschooling family who believes life is the best teacher but long snowy winters give us time to hit the books. We raise all our own meat and dairy, plus a large portion of our vegetables and wild forage herbs, berries and mushrooms and we hope you'll come check us out!

My audience is small but mighty.

I've worked hard to cultivate a trusting relationship with them which has resulted in high engagement. They know I only recommend things I wholeheartedly stand behind. They trust my suggestions and pass that loyalty on to the companies I've worked who have been very happy with referrals and conversion rates.
